**PROJECT DESCRIPTION**

The new Connecticut Avenue N.W. project is the third phase of a DDOT-sponsored streetscape upgrade program. The project encompasses an approximate 1 mile 4-lane corridor between Dupont Circle and K Street. The street, streetscape, and associated infrastructure improvements are scheduled to be completed by early 2015. The DDOT right-of-way to be improved includes the roadway, sidewalks and upgrades to street lights and utilities. Access will be provided to businesses during construction. Work will be coordinated closely with WMATA to be sure access is maintained to bus stops and metro stations. Located in the Golden Triangle BID, one of the prominent commercial and business corridors within the District, the project's effects on the area will be closely monitored with daily outreach to area businesses and citizens to be sure that construction efforts are well-planned and as least disruptive as possible.
